PREAMBLE:

State Government has published Solar Power Policy,2015 vide G.R.dt.13/08/2015 referred to above and Subsidy Scheme for Residential Rooftop Solar Plants vide G.R. dt. 31/03/2016 referred to above.

The Rooftop Solar Plants have inherent advantages like consumption at the site of generation only, no transmission-wheeling loss, utilisation of idle space available with small rooftop owners & least burden on transmission system. It is felt that small residential rooftop owners were particularly deprived of the benefit of Rooftop Subsidy Scheme & therefore it was under consideration of the Govt. some time past to amend the Policy & Scheme of subsidy.

RESOLUTION :-

Accordingly, State Government is pleased to amend the G.R. No. SLR/11/2015/2442/B dt.13/08/2015 regarding Solar Power Policy & G.R. No. SLR/11/2015/401/B dt.31/03/2016 regarding the Scheme of Subsidy for

Solar Rooftop Systems by private residential consumers across the State, as under:

- The residential consumers across the State should be allowed to install 1 kW Rooftop Solar Plant even if his sanctioned load is 2 kW or less than 2 kW. However, the capacity of Rooftop Solar System should not be more than 100% of the sanctioned load/contracted demand of the consumer. So such residential consumers should have minimum sanctioned load of 1 kW.

Solar Power Policy, 2015 published vide G.R. dt. 13/08/2015 & Rooftop Subsidy Scheme published vide G.R. dt. 31/03/2016 stand amended to this extent.

This issues with the concurrence of Finance Department on this Department file of even number dt. 12/08/2016.

By order and in the name of the Governor of Gujarat.
