

## **Sub.: EC Awareness Program for Degree /Diploma Engineering colleges year 2017-18**

GEDA is organizing EC awareness workshop for colleges since year 2013-14. Till date about 150 programs in different Engineering colleges of the Gujarat have been conducted through our Authorized consultants.

The aim of the Workshop is, providing training to students to upgrade their engineering skills in energy efficiency and productivity. The program covers Energy Efficiency Scenario, Climate change, Energy Efficient technologies, Renewable Energy Technologies.

These Awareness workshops are proposed to be conducted by GEDA Authorized Energy Consultant who are willing to participate in program. GEDA shall pay a maximum Rs. 15,000/- per workshop as technical service charge. Their involvement will include:

1. Identifying interested colleges to conduct the program.
2. Oversee all the arrangement for conducting the workshop.
3. Prepare and submit brief proceeding along with list of participation.

Provision is made for giving financial assistance to the host college up to maximum of Rs.10,000/- for meeting the expenditure towards local arrangement. The host colleges will be responsible for making following arrangement.

- a. Seminar hall with comfortable sitting arrangement.
- b. LCD projector and Audio system.
- c. Printing banner and photography.
- d. Refreshment or working lunch for faculties.
- e. Tea biscuits for students.
- f. Ensure participation ( At least 90-100 students)

GEDA will randomly monitor the program by visiting college.

### **Payment terms :**

- Rs.15,000/- to the authorized EAC consultant along with a brief report of the workshop and letter from college.
- Rs. 10,000/- to the host college against submission of claim with list of participants, photographs and certified statement of expenditure.
